

RELAXED SCREENING

# The Umbrellas of Cherbourg

*Lillian Crawford, film and culture writer and a regular host of Autism Through Cinema podcast will host this relaxed screening and the discussion that follows.*

The everyday world of shop worker Genevieve and car mechanic Guy is brought to life with sensational colours and set design, drawing us into the emotional and physical spaces they inhabit. Their dialogue is all sung and Michel Legrand's score is both rapturous and intense, transforming our experience and offering different ways to respond. It's a ground-breaking classic.
